## Specifications / Features

The **KIN AMP** is pure Totem in every way. It's timeless design is both simple and sophisticated. Conveniently sized to fit just about anywhere. Though diminutive in stature, it can thoroughly power a number of Totem monitors and towers and fully energize any room. Simply pair the **KIN AMP** with the world's most popular sources and mobile devices and begin enjoying your music.

Equipped with Bluetooth and aptX HD for instant wireless streaming. The analog and digital inputs allow for a variety of sources to be connected; from classic turntables to the latest gaming consoles.

Totem recognizes the challenge that certain sources and/or recording create and this is why we have equipped the **NEW KIN AMP** with both bass and treble controls, easily accessible from the remote control, allowing the listener to customize their sound.

### About Totem Acoustic

Created in 1987, Totem's mission is to develop loudspeakers capable of reproducing a truly involving performance. Our goal is to provide designs that are affordable, cosmetically timeless, and invoke an emotional response. Music, movies, TV, and video games are accurately rendered with a powerful focus that is yet soul stirring.
