

NEW Kin IC6 replaces Kin IC61

Totem's IC6 in-ceiling speaker is equipped with a NEW 6.5" custom designed polypropylene woofer and a New 3/4" soft dome tweeter derived from our flagship Kin models. We have re-engineered this model to achieve a more flexible placement and a simpler installation.

Micro perf stainless-steel grills with **NEW weather resistant COATING ON GRILL.** Updated hardware for greater strength and durability. Suitable for any application, inside or out.

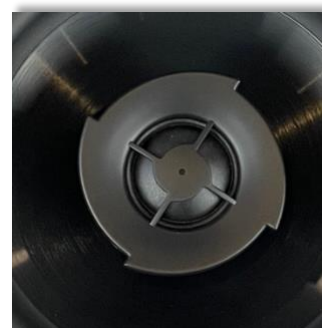

Customized polypropylene woofers

New improved polypropylene woofer designed to our standards to be strong and stiff but remain light and fast, delivering powerful yet controlled bass.

New 3/4" Soft Dome Tweeter

Features a neodymium magnet in a chambered enclosure, has high excursion ability. Greater articulation and smoothness.

Pivoting tweeter faceplate aims the directional high frequencies towards the listening area.

NOW ONLY 4" in DEPTH rather than 4.75" from previous model -IC61

245.1mm/9.65"

Now 101.6 mm/4"
