Specifications / Features

Identical dispersion in any orientation allows **KIN Solo** to be mounted along side, below, or above the screen and effortlessly project Totem's enormous and holographic soundstage. Pair KIN Solo with the **KIN Amp** and **KIN Sub 10** and marvel at how a system so discreet can sound so big.

At 27 9/16" / 70cm tall, **KIN Solo** is perfectly proportioned for 55" screens and larger. Its remarkably shallow depth of only 3 1/2" / 9cm makes KIN Solo comparable to the mounted depth of most TVs.

KIN Solo has way more than just a great body. Proprietary 4" MHEX woofers, composed of multiple layers of phenolic honeycomb and woven synthetics, develop powerful bass that defies the slim enclosure.

The 1" Titanium Infused Soft Dome counterbalances them perfectly with precise, effervescent clarity.

A rugged bracket to allow a secure, flush mount installation and rubber feet that provide sound isolation when placed upon furniture are included.

Design:	On wall Speaker
Frequency Response:	57Hz – 21kHz
Woofers:	2 x 4" MHEX woofers
Tweeter:	1" Titanium Injected Soft Dome
Impedance:	6 ohm
