

# TOTEM 30 ans years

Unobtrusive magic for the everyday music lover that fills the room with a full range sound experience. The Sky Tower can set the standard for lower cost towers that can be flexibly used with a great variety of electronics and gear.

# SKY TOWER

The Sky Tower shares the same DNA that made Sky monitor such a success, like gigantic imaging, phase coherence, authoritative bass, and amplifier friendly compatibility.

Remarkably, it does it all on a larger scale and with even more impact.

Designed for the larger enclosure gives Sky Tower the ability to descend

also extends low enough to contribute to the mid-range band for an enchanted charm to the most critical range.

To perfect its interaction with room acoustics, Sky Tower is mass loadable while a new high density composite Claw controls resonance, tighten bass, and heighten the soundstage.

Any media at any volume is presented effortlessly with smooth detail, dynamic musicality, and an enormous, holographic

\*The dimensions provided reflect the size of the Sky Tower cabinet. The Sky Tower will include a new sound isolating Claw that raises 40mm.
