

TOTEM

Discover yours

Tribe AIC was conceived to prevail over placement challenges and deliver a transcendental listening experience. The angled baffle directs the sound towards the listening area so regardless of location, the performance is involving, intimate and embodies the Totem experience.

TRIBE AIC is thoroughly equipped with interrelated proprietary Totem technology. Shockingly powerful, lightning fast bass is presented by Neodymium Actuated Enriched MHEX woofers. They are complimented by MAC passive radiators that tune the cabinet's bass ability to perfection. Oversized Silk Dome tweeters emit a fluid and impeccably airy presence.

This level of engineering allows TRIBE AIC to present perfect sound staging and phase correctness for an emotion-filled musicality.

The TRIBE AIC possesses exceptionally functional integration elements, so installers appreciate them as much as listeners. Discover Tribe Architectural, the ultimate combination of architectural and acoustic engineering.

Specifications / Features

Design:	Full back-boxed, high-performance loudspeaker
Frequency Response:	47 Hz - 30 kHz \pm 3 dB
Recommended Power:	30 - 140 W
Passive Radiators:	Dual 5" Metal Amalgamation Compound
Woofers:	Twin 4"/10.16 Neodymium Actuated Enriched MHEX woofers with High Excursion Surrounds in Outsized Cast Baskets
Tweeter:	1 1/8"/29mm Soft Dome
Impedance:	6 ohms
Sensitivity:	90 dB
Dimensions:	(W x H x D): 14.09" x 14.09" x 6.125" / 358 x 358 x 155 mm
Cutout:	13.38 x 13.38 / 340 x 340 mm

1 1/8" proprietary oversized Silk Dome Tweeter.

Proprietary Twin Neodymium Actuated Enriched MHEX with high excursion surrounds in outsized cast baskets.

Proprietary Dual 5" Metal Amalgamation Compound passive radiators.

Enormous Dispersion

Tribe Architectural disperse at 75 degrees, almost twice as broadly as competitive speakers. Acoustic coverage is totally present throughout the entire listening area. The enormous dispersion allows the listener to enjoy the same sound whether seated or standing, simplifying placement.

Grill Type: Magnetic, Paintable, virtually bezel-less white metal

Speaker Terminals: two sets of 5-way gold plated binding posts

Accessories: Pre-Construction Brackets Optional

Micro-Perf Grill

The almost bezel-less design only adds 4 mm in total width. Micro-perforations provide a uniform look without showing what lies behind.

Pre-Construction Kit

As the Tribe Architectural models are all quite substantial, the kits are equally robust. Frames and wings aren't plastic, they're made of metal.
