 **Tribe** IW
in wall

Perhaps no speaker truly epitomizes Totem Architectural like the Tribe IW. It is a wonderful example of unparalleled resourcefulness and startling capability, excelling in a wide array of applications while delivering Totem's extraordinary experience.

TRIBE IW is thoroughly equipped with interrelated proprietary Totem technology. Shockingly powerful, lighting fast bass is presented by Neodymium Actuated Enriched MHEX woofers. Oversized Silk Dome tweeters emit a fluid and impeccably airy presence. This level of engineering allows TRIBE IW to present perfect sound staging and phase correctness for an emotion-filled musicality.

Let the Tribe IW do it all. It can be dynamic main channels, deliver authentic vocals and main action as a center, or supply pinpoint, omnipresent surround effects. TRIBE IW shines at all positions and consistently delivers passion and excitement to all musical genres and video mediums.

1 1/8" proprietary Oversized Silk Dome Tweeter.

Proprietary Twin Neodymium Actuated Enriched MHEX with high excursion surrounds in outsized cast baskets.

Enormous Dispersion

Tribe Architectural disperse at 75 degrees, almost twice as broadly as competitive speakers. Acoustic coverage is totally present throughout the entire listening area. The enormous dispersion allows the listener to enjoy the same sound whether seated or standing, simplifying placement.

Grill Type: Magnetic, Paintable, virtually bezel-less white metal

Speaker Terminals: two sets of 5-way gold plated binding posts

Accessories: Pre-Construction Brackets Optional

Micro-Perf Grill

The almost bezel-less design only adds 4 mm in total width. Micro-perforations provide a uniform look without showing what lies behind.

Pre-Construction Kit

As the Tribe Architectural models are all quite substantial, the kits are equally robust. Frames and wings aren't plastic, they're made of metal.
