

SPECIFICATION SHEET

Element Ember

Design Finish

Dusk Ice

The new Element Ember from Totem is unique in its architectural design and geometric conception. Its stunning multi-angled chassis displays no apparent parallel lines, seemingly defying the laws of perspective.

The Element Ember comes purposefully appointed with the new Torrent™ 6-inch driver. With its custom designed and machined aluminum terminal back plates, precision machined reflex ports and fabulous platinum W.B.T. connectors (bi-wireable), the Ember is burning hot. Available in gleaming, luxurious, 4-coat polyester finishes: Dusk/Black or Ice/White.

Magnetic grill included.
