

SPECIFICATION SHEET

Mask In-Wall

Simple and easy to install, the Totem Mask combines great sound quality and seamless integration in your living space. The Mask tweeters and homogenous bass units act and react together like no other. Designed to go beyond established standards, the Mask is sublimely worthy of the Totem experience.

The Mask creates sound holography and music involvement steps ahead of any existing components. It seamlessly intermeshes with other Totem's units to produce pinpoint imaging and dynamic sound staging without any aberrant beaming or disruptive inconsistencies. Discover a true in-wall/in-ceiling unit that typifies musicality in all its wonder.

White metal grills included.
