

SPECIFICATION SHEET

Mask Stereo

Simple and easy to install, the Mask Stereo combines great sound quality and seamless integration in your ceiling space. The Mask Stereo tweeters and homogenous bass unit act and react together like no other offering unsurpassed clarity and phase correctness, resulting in the most genuine musical experience. Designed to go beyond established standards, the Mask Stereo is sublimely worthy of the Totem experience.

The Mask Stereo creates sound holography and music involvement steps ahead of any existing components. It seamlessly intermeshes with other Totem's units to produce pinpoint imaging and dynamic sound staging without any aberrant beaming or disruptive inconsistencies. Discover a true single in-ceiling unit that typifies musicality in all its wonder.

White metal grills included.
