

## SPECIFICATION SHEET

### Mite-T

The Totem Mite-T is a compact dual-woofer monitor for audio/video applications. Accurately able to spatially restore the slightest nuance and information with ease, the Mite-T offers delineation, subtleties and speed. Discover its unique ability to encapsulate music and transmit its message with soul.

With its no-compromise design and sparkling musicality, the Mite-T is an ideal main channel or rear channel for audio/video application. The Mite-T offers great transient and tonal qualities for an outstanding imaging performance. A perfect fit with the Sttaf, Mite or Mite-T-Center. Wall-mount or stand-mount facilitates ideal height.
